**Item Body**

Hi, Folks,

You are invited to join "unitedheckathornsuperfundproject" QuickPlace. This place is a tool for creating shared workspace on a secured, password-protected EPA web site. By using this place, EPA can work with Agency partners and stakeholders as teams at the same time or independently - to share information and documents, send e-mail alerts with links to notify team members of updates, maintain a project calendar, track project deliverables, and store information for future reference.

If you are an EPA employee, go to <https://epaqp.x.rtp.epa.gov/unitedheckathornsuperfundproject>, you should log on to the Quickplace using your first <space> last name and Lotus Notes/Internet password not Windows password.

If you are a non-EPA person, you need to register thru <https://epaqp.x.rtp.epa.gov/> website (please click on - "extranet user registration"). You will need to list Sharon Lin as the sponsor on the registration form. After completion of the registration process, you will be given a user name and password for access.

Please contact me if you have any questions. I look forward to working with you.
